When Verona was seven years old, she began her schooling at Willshire, Ohio. Then Verona was transferred and finished her eight grades at North Brick. She started as a Freshman at Pleasant Mills. While Verona was a freshman, there was a plump little boy that liked Verona very much. His name was Alva Myers. About that time some one else came around the corner by the name of Ensign Henry Worthman and took Verona from Alva. When it comes to boy friends, that is where her trouble begins. She has gone with quite a few. Doris now has her eyes on a certain basketball player from Willshire who is very handsome. So here is wishing you more luck Doris.

Senior's Mascot
OF 1945

ERNEST HUBERT FREDERICK QUERIN

It was a beautiful summer day, July 18, 1926, to be exact, in the town of Cleveland, Ohio. This day was a memorable day for Mr. and Mrs. J. Querin of 691 E. 130th Street. On this day of days the stork zoomed in the living room, made a three point landing, dropped a baby boy weighing six and one-half pounds in three cornered pants and zoomed away.

Mr. and Mrs. Querin proud of their son named him after his grandfather and uncle, Ernest Hubert.

The first few years of Ernest's life were fairly quiet. At the age of five he started to kindergarten at the Hazeldell Grade School in Cleveland. Ernest went to Hazeldell all through his first six grades.

Upon finishing the sixth grade Ernest graduated from grade school and next began at the Patrick Henry Junior High where he went for three years, thus completing his ninth year.

Then he went up the great ladder of education to senior high school at Collinwood Senior High, but somewhere along the way, Ernest got to be too smart for the teachers and he quit Collinwood Senior High in the latter part of the Junior year.

When Ernest came to the farm one-half mile north of Pleasant Mills, little did he suspect he would once again go back to the school room and books at good old Pleasant Mills, but he did.

He graduated in December, midterm from the class of 44-45, and is now looking forward to a military career in some branch of the Armed Forces.

DOROTHY JEAN RAY

On the twenty-seventh of September 1927, there came a little baby girl to the home of Mr. and Mrs. Harry Ray, who at that time lived one mile south of Pleasant Mills.

They gave her the name of Dorothy Jean. She is now an attractive girl of five feet four and one-half inches tall, has auburn hair, and hazel eyes, and weighs 115 pounds.

At the age of five she started to school at Pleasant Mills. She went all of her twelve years there. She took part in the Senior play, "Nobody but Nancy".

Jean's hobby is reading. Her sports are playing basketball and softball. Jean is liked by her schoolmates very much.

Her best friends are Eileen Gephart and Veda Williamson.

At the present she is looking forward to being a nurse.

MARY ROSAMOND ROSS

On August 17, 1927, Mr. and Mrs. Arthur Ross received a Special Delivery. Much to their surprise when they opened the package there were two little baby girls which they named Mary and Merman. At this time we are concerned about Mary.

She is a little seventeen year old, with brown hair, blue eyes, and a smile for everyone.

At the tender age of six Mary started off to school at Pleasant Mills, Indiana. She attended this school until she was in the fifth grade then she moved to Bobo, where she spent three and a half years of her school life. Then she decided she would rather be at good old P.M.H.S. so she returned there to finish her high school education.

Her best liked subject is bookkeeping and her hobbies are sewing and movies. Her best girl friend is Lu Anna Johnson but she has no special boy friend. She is a happy-go-lucky, fun-loving girl of just five feet two inches tall.

She enjoys making new friends and her ambition is to be a factory worker. We surely wish her luck in her plans for a successful life.

MERMAN ROSE ROSS

On the day of August 17, 1927, Mr. and Mrs. Arthur Ross were pleasantly surprised when who do you suppose dropped in to see them? It was the "stork" and with him a sweet little baby girl weighing six and one-half pounds. Mr. and Mrs. Ross were so proud of this little addition that they decided to call her Merman Rose.

The first few years of her life were fairly dull, but when Merman started the first grade at Willshire, she began to grow up.

After two years at Willshire the Ross's moved and Merman then came to Pleasant Mills for two years. By this time Merman had completed 4 years of her 12 school years.

Having gone to two schools so far Merman thought she had better add another so she entered the Bobo grade school where she completed the 8 grades.

She came back to P.M.H.S. for her four years of high school. And now a dignified Senior Merman stands 5 feet 3 inches, has brown hair and brown eyes and is also an attractive girl.

Merman's hobbies are collecting pictures and going to shows.

P.S. Additional surprise - a twin sister.

HAROLD LEE SPEAKMAN

On May 6, 1927, Mr. and Mrs. Richard Speakman announced the birth of their second baby boy who weighed ten pounds. They immediately named him Harold Lee.

Lee grew up on a farm about two and a half miles northwest of Pleasant Mills. At the age of six he started his education by entering school at Pleasant Mills and continued to go through all twelve years.

He is now in his last year of high school and seems to have done very well in his studies of which he likes Typing and Arithmetic the best. Lee's hobby is basketball in which he has taken part for the last few years. He is a fairly good player and is now playing on the first five of the Spartans.

Lee is a boy of 5 feet 9 inches tall and weighs 165 pounds. He has brown hair and blue eyes.

His best friends are Verlyn Geyer and Marvin Sprunger.

His ambition is to be a farmer and settle down with a neighbor girl.

MARVIN LEE SPRUNGER

On January 28, 1927, there was born to Mr. and Mrs. Martin Sprunger of Berne, Indiana a baby boy and he was given the name of Marvin Lee.

When Marvin was of school age he entered the Dent school, where he spent three and one half years. For four years he went to Lucky and finished his elementary schooling at the Smith school. As a Freshman Marvin entered Kirkland High School and attended there until the last part of his Sophomore year. Then Marvin enrolled at Pleasant Mills where he will graduate this spring.

Marvin is 5 feet 10 inches tall and weighs 160 pounds, has grey eyes, brown hair, and is classified as one of the good "Spartans" of P.M.H.S. His favorite sport is basketball and his hobby is roller skating. He is well liked by every one, especially a Junior girl.

Marvin's ambition is to be a truck driver and we surely wish him luck on the road to success.

This year he is back playing and was high scorer until January when he left for the Navy.

Don weighs 170 pounds and is five feet ten inches tall. He has brown hair and brown eyes.

His best liked subjects are Physics and Literature. His best boy friends are Jim Daniels and Eli Beer.

Don's hobbies are hunting, especially coon hunting. Don's favorite sports are basketball and baseball. His greatest ambition is to make good in the Armed Forces for the good old U.S.A.

BURVIL EUGENE WATKINS

At a little white farm house one mile south east of Pleasant Mills, on May 9, 1926, the stork left a little bundle on the door step on Mr. and Mrs. Wm. Watkins. Burvil is the second child. He entered Pleasant Mills grade school in 1933 and has proved a good Spartan ever since. He received his entire twelve years of education at Pleasant Mills.

All through his school life, his favorite subjects have been Physical Education and Literature. He has two special hobbies. One is, of course, basketball and the other is "Women".

OH-OH! I nearly forgot to tell you his description. He is five feet ten and one half inches tall and weighs one hundred and sixty pounds. He has black hair and most important of all are his long, black, curly eyelashes that shade his deep blue eyes.

At the present time he is in the Armed Forces doing his best for Uncle Sam. After he finishes his task there, his ambition (he says) is to be a bachelor; but we rather think it is to make some nice little woman happy and we believe he can do it.

OTHEL LEE WHITACRE

On August 1, 1927, Mr. and Mrs. David Whitacre of Jefferson Township announced the arrival of their son Othel Lee. He weighed four and one-half pounds and was blessed with a lusty squall.

Before long Lee started the educational part of his life at Jefferson School and then to Portland for his seventh and eighth grades. Lee's freshman and sophomore years in high school were spent in Monroe. He spied Pleasant Mills and decided it looked interesting so immediately moved here to graduate at Pleasant Mills.

Lee is a very handsome boy six feet, one-half inches tall and weighs 160 pounds. He has black hair and blue eyes. He is known as the "Wolf of Willshire".

His hobbies are playing pool and modeling air planes. His sports liked best are baseball and ice skating. Lee has taken an active part in school work and we were really proud of him in our senior play, "Nobody but Nancy". Also he proved he was made of the real stuff when he played on the basketball team after Christmas.

His life ambition is to be a scientific farmer.

CLEORA EILEEN WHITE

On September 12, 1927, a bundle was brought to the home of Mr. and Mrs. Homer White. She was the third bundle thus far brought to this home. Mr. and Mrs. White decided to call her Cleora Eileen.

She started to school at Lincoln. There she went for 4 years, and then entered the North Brick where she finished her grade school. She entered Pleasant Mills High School as a Freshman and continued her High School education there.

Cleora has taken part in many school activities. One of her ambitions is to be an airplane hostess. She is always ready to help anyone who needs help and is willing to take part in everything.

She is 5 feet 2 inches tall, has meduim brown hair and brown eyes. Her favorite sports are bowling and skating. Her hobby is tearing things up.

Wilma Bailey is her best pal, although she has many.

VEDA ANN WILLIAMSON

On March 2, 1927, the stork visited the home of Mr. and Mrs. Lawrence Williamson and left a beautiful girl whom later they named Veda Ann.

She started to school at the age of six and attended four schools before finishing her eight grades. She then enrolled in her freshman year at Pleasant Mills. Veda finished her remaining school days at Pleasant Mills High School.

Veda's best liked subjects are Bookkeeping and English.

She has many friends who like to hear her gossip. Her hobbies are playing basketball and collecting pictures.

Veda took part in the Senior Class Play called, "Nobody but Nancy", which truly showed what a fascinating person Veda really is.

BETTY CHRISTENA YOUNG

On July 18, 1927, there was born to Mr. and Mrs. Oscar Young of Blue Creek Township a lovely daughter and to her was given the name of Betty Christena.

She entered grade school at North Brick which she attended for six years. After entering the seventh grade she was transferred to the Kimsey to finish her eight years of education. She entered Pleasant Mills as a freshman and continued her four years of high school education there.

Betty has taken active part in all sports and she is a very good basketball player. One of her greatest ambitions is to become a professional typist. She is always ready to help anyone who needs help and is willing to take part in everything. Her best liked subject is typing. She is now 17 years of age and 5 feet 4 inches tall, has blonde hair and blue eyes. Her favorite chums are Marjorie Roe and Norma Jean Fox.

CLASS PROPHECY

Dear Diary,

June 5, 1955

Three days ago I became home-sick to see some of my old class-mates of 45. I went out to the air port and asked to see First Lieutenant Jim Daniels. I was ushered into his office immediately. When I told him my plans, he said he would have his wife, Cleora White, fly me to my destination.

A short time later we started on our journey. In a few minutes I looked down and saw a large metropolis which appeared to be made up of several small cities. Cleora explained this by saying it contained some very large buildings and each was important within itself, it made a small city of its own. Naturally I asked the name of this magnificent place, but when she said, "Why Wilma, that's Pleasant Mills, now third largest city in the United States," I was so astonished I nearly forgot to tell her this was the place I had intended to visit.

We landed and found a guide, who was none other than Junior Huffman. Next we set off to see what all these large buildings were. First we came to a tabernacle which was so very beautiful we would liked to have remained several days. Much to our astonishment, when asked who was responsible for such a wonderful place, Junior answered Bob Miller. Of course we wanted to see him so Junior took us to his home. When we rang the door bell it was answered by our old friend, Jean Ray, now Mrs. Miller.

After a pleasant visit we went on to the next building, the hospital. There we found several of our friends working together. They graduated together, went to college together, received their degrees, and started their own hospital. The doctor, Lee Whitacre, was very handsome in his white uniform. He pressed a bell and while waiting on the head nurse to come, Lee called our attention to his pretty and, we believe, very efficient secretary, Betty Young. We went over to her desk to

catch up on the news. She said she was very happily married to Verlyn Geyer, now a lawyer with his office, secretary, etc. Also they have one little boy named "Morggië".

Just then a nurse rustled in, looking very stern in her starched uniform. Yes, as you probably have guessed, it was Dora Mae McCullough. She told us she had not married as yet, but still sees the well liked sailor of her high school days.

Upon leaving the hospital we met Mary and Mer-man Ross who married the Bebout boys from Bobo. They were dressed alike. When I inquired what finally inspired them to dress alike the pretty twins they actually are, they said it wasn't really their idea. They both work in a department store and it was necessary to wear identical uniforms. Then Mary asked if we had any plans made for the evening and I said, "No, nothing definite." She insisted we must go to the High School gymnasium to see the main game of the season. We pondered over this a moment but when she said we would see some more of our friends at the game we agreed to meet the twins later.

Cleora decided if she were going to the game she would need her hair set so Junior took us to the most exclusive beauty shop ever seen, called "Delight Beauty Shoppe." The name sounded familiar but we suspected nothing until we saw the operator was our old chum Doris Byer. While giving Cleora her magic beauty treatment, she told us she finally captured that handsome owner of the squad car in 45, Ernie Querin. We asked her if it would be possible for us to visit him. She said we would see him while visiting one of the large buildings.

Cleora was now ready to leave and I announced I was hungry. Junior said he knew the exact place to take us, a hotel and restaurant combined. He signaled a taxi driver and who should it be but Lee Speakman. You could recognize that taxi anywhere with all its lights, rear view mirrors, chrome trim, etc. He buzzed us to the address Junior gave him so quickly I wasn't certain Cleora had come along.

We entered the massive hotel and when Cleora finally grew tired of following the revolving door, she found Junior and me talking to the proprietor, Ernest Hubert Frederic Querin. He told us after going to Cleveland he had served as a U.S. Coast-guardsmen for two years. After this he returned to Pleasant Mills and, when he saw how it was expanding, he knew a hotel would be a good business adventure if he only had a partner. This is where our friend Doris came in. While he was telling more news Cleora had found the entrance to the restaurant and was urging us to hurry so we had to leave Ernie. We were seated watching a screen, which showed a picture of each delicious food suggested on the menu. We were so interested in this new project we didn't notice the waitress until she spoke. It was also a member of our class, Lu Anna Johnson. When she saw who we were, she insisted we go and see one of the other waitresses but she wouldn't tell who. All curiosity we followed her to what she called the screen room. There we saw Joanne Chronister busy making pictures of the next day's menu for the screen. We asked what she had done after she graduated. She told us she started to take a business course but the Maritime Service granted a medical discharge to a red head who headed straight for Pleasant Mills. In the excitement Joanne forgot her business course, was married, and started the business of making a home instead.

When we finished eating, it was time for the game to start at the high-school. We walked in just as the coach was giving a final word to his boys. "Who was the coach?" "Why Don Strayer." and a good one too. The score was very close but finally ended 18 to 19 in favor of Pleasant Mills. After the game Strayer took us through the building. It was a very interesting place with the teacher's names on the doors of their home rooms. One read, Miss Betty Lichtenberger, Mathematics. We asked Donald about her. He informed us she still wore that diamond on her left hand but insisted she wasn't engaged. We were walking along in silence after that when Cleora suddenly said, "Say, Donald,

"what ever happened to Eileen?"

"Oh, didn't I tell you" he answered. "We were married as soon as I left the Navy. The sailor suit did it, I guess. And by the way, you should see Roger. He's only eight months old and can do almost everything."

Cleora teased, "He can't walk yet; can he ! Strayer?"

Don said, "Of course he walks and he can sit up, shake hands, speak, and even jump the rope."

That was too much. I said, "Now wait a minute, Donald. You don't mean to tell me an eight months old baby can do all that?"

Who said anything about a baby; I'm talking about Roger my new coon dog." Then very enthusiastically he told us about his latest hunting adventure.

We went back to the hotel. After a good night's rest we started out again. We had seen most of the larger buildings so we decided to visit the "Snazzy Theater." The title of the picture was "Romance Deluxe". The hero was the blonde actor of the English class, Marvin Sprunger, and his partner was the pretty brunette, Veda Williamson. They made a very striking picture together and certainly appeared to be true Lovers. Junior said it probably was. They were married just six months.

Junior hailed a taxi for us and we decided to ride around awhile. As we entered the cab, a news bulletin was on the radio. When it was over, we found the commentator was the little red head of our class, Dean McMillen. While we were riding along, Cleora broke the silence by asking what had become of Burvil Watkins. I said, "Oh, He couldn't decide for certain whether he preferred a blonde or brunette so he signed up for another ten years in the army. While she was thinking this over, Junior asked if there were anyone else we would especially

like to see. I said that we hadn't seen Verona Berry. He told us we wouldn't want to miss visiting her either. She had married a dairy-man and they lived on one of the nicest farms around. We told the taxi driver where we wished to go but much to our disappointment he said he could not take us beyond the city limits.

Suddenly the taxi came to a halt and who should we see but Mr. Foley. He is still Principal at good old P.M.H.S. and lives it but misses the seniors of 45. After talking to him for some time Cleora wanted to be on her way so we started on our homeward journey, tired but happy.

Two parties were held during the year, the first one at Mary Lou Myers where a hayride and outdoor games were enjoyed. The second at Ilean Geyer's. Games and refreshments were enjoyed. It was too rainy to play games out of doors, so all games were played inside, but we still had a swell time.

Then we started back to school as Jolly Juniors with twenty-seven members. Thinking we had now grown up, were going to settle down, but later we saw we wouldn't (which all the teachers soon found out).

Class Officers were as follows:

President.....Chalmer Miller
Vice-President.....Bob Luginbill
Sec. & Treas.....Mary Lou Myers

Two parties were held, first at Norma Fox's where we all enjoyed a hay ride although we had a little trouble with a flat tire, we still had the ride.

The second one was at Marjorie Roe's, a farewell party for Eugene Luginbill who was going into Uncle Sam's Army. Games and refreshments were enjoyed by all. Now we are looking forward to coming back as dignified seniors next year.

Presented the class play, "Aunt Susie Shoots the Works", proved very good. Mrs. Yager was our director, with Mrs. Andrews assistance.

THE GRADES HISTORY

The Primary Room of the Pleasant Mills School has thirty pupils enrolled under the guidance of Mrs. Brayton. There are fifteen boys and fifteen girls.

Besides the regular course of study we have studied the children of other lands. In the fall we helped in the collecting of milk weed pods.

We have had three parties. We made scrap books for the soldiers and turned them into the Red Cross to distribute.

We entertained the FARMERS with a special program and on February 6, we entertained the visiting trustees.

We hope to have a tea to entertain our mothers and also a picnic.

On the morning of September 5, 1944, a group of eighteen children entered their room. Six of these were in the 3rd. grade and thirteen in the 4th. Mrs. Cole is our teacher and she is liked by all.

We had a nice Christmas Party with Santa Claus present. He gave each of us a gift and treat.

We also had a part in the FARMER'S INSTITUTE with a short program.

Other special interests of the year were our Valentine Box and our class basketball games which the boys enjoyed very much.

Twenty-eight happy children entered the fifth and sixth grades in September with Mrs. Mills as our teacher.

Don Suman, one of the sixth graders had the misfortune to be hit in the head by a ball bat. It was a bad cut and required several stitches to close it.

At Christmas time we exchanged names for gifts. We all went together and bought our teacher a nice gift. Santa visited our room, distributing treats.

We are planning a picnic before school closes.

The Seventh and Eighth Grades taught by Mrs. Ross had an enrollment of 29 members for this year. Norman Wolfe and Ralph Smith entered from other schools. We lost two students during the first semester.

Our boys had a very good basketball team and had a chance to play several outside schools. Ann Werling and Rosella Burkhart served our boys as yell-leaders.

SPARTAN'S OUTCOME

As the school year of 1944-45 opened, there appeared to be a fine chance for a winning team at P.M.H.S.

There seemed to be a fine balance of speed and height. The height so badly needed was promised to be well taken care of by Brodbeck, Strayer, and Watkins, with plenty of speed to balance the team.

The first of a long succession of blows hit the team at this time. The six-foot, one-inch Brodbeck and husky Watkins, who was only a shade under the six-foot mark, were taken by Uncle Sam.

The team however, played credible ball and seemed to have reached their height when they beat Monroe 41-21. In the following game with Kirkland, Sipe received a broken leg and was out the rest of the season.

As the time approached for the County Tourney, Luginbill left the team for the rest of the season with injuries. Then fate dealt the team a paralyzing blow when Strayer and Daniels entered the navy.

During the season McMillen having enlisted in the Navy withdrew from the team while awaiting his call. After waiting for a considerable length of time, he failed to pass the physical exam, but by this time it was too late for him to rejoin the team.

Bob Miller, forward, was on and off as a result of injuries and illness. After being confined to the hospital late in the season, he was not able to get back to his old form and as a result, his fine early season game suffered to some extent.

The ordinary team would have been ready to give up in the face of all the trouble it had been forced to meet. But not these Spartans. A more courageous team never stepped onto the hardwood. They went out there and despite everything, played hard and heads-

up ball and gave the fans a run for their money.

The team feels indebted to its fine followers for their support during this season which has been so upset by the war.

We're hoping for a fine Spartan team next year.

PLEASANT MILLS SPARTANS
44-45

Verlyn Geyer (No. 7) Better known as "Morggy" was the fastest man on the team. Morggy liked to play the pivot and was usually always successful in sinking a few baskets. Verlyn played basketball all four years and was on the first team squad two years.

Robert Miller (No. 6) Better known as "Shaggy" was the shortest man on the team. But he made up for that in almost every game by hitting one-hand shots from the side. Bob played basketball all four years and was on the first team squad two years. Bob was unable to play all season because of sickness.

Melvin Werling (No. 3) Better known as "Peck" was the one who had to handle all the big boys because he played center. Peck has been on the first team squad three years and hopes to be back again next year.

Lee Speakman (No. 8) Better known as "Mole" was the man who liked to play sleeper and put in those tip in shots. He was also a good long shot. Mole played basketball all four years and was on the first team squad two years.

Marvin Sprunger (No. 4) Better known as "Wimpy". Marvin was on the first team squad for one year but has played basketball for four years. Marvin liked to put in baskets by driving or charging in under the basket.

Paul Speakman (No. 9) Better known as "Moose" was a good long shot from the sides. Moose has played three years but this is his first year on

the squad. Being only a Junior he expects to be back fighting for the Spartans again next year.

Jim Teeple (No. 10) Better known as "Red Bone" is a Junior this year and will be back again next year to fight for the Spartans. Jim was qualified for the first team and was of much help to the team.

Chalmer Miller (No. 13) Better known by his friends as "Furote". Chal is a Junior and will be back next year to fight for P.M.H.S. He was qualified for the first team and proved very valuable.

Doyle Strayer (No. 11) Better known as "Rue" is a Freshman and will be back his last three years of high school to fight for the Spartans. He was qualified as one of the first ten players.

Doyt Sipe (No. 10) Doyt played the first half of the season and had the misfortune of breaking his leg on the night of December 22, in the beginning of the Kirkland game. We hope Doyt will be back next year.

Donald Strayer, Jim Daniels, Lee Whitacre--All three are Seniors. Jim and Don played 8 games during the season and competed in the County Tourney. They entered the Navy on January 17. Lee Whitacre came out for basketball the last half of the season and played most of his games on the second team.

Wilma Bailey for the Senior Class, Mary Lou Myers from the Junior Class, and Bonnie Bebout from the Sophomore Class were the cheer leaders. They did a good job. It was the first year for any of the girls.

Mr. Coppess, our Coach, was very interested in the boys and their games and was very anxious for them to win. In spite of all the handicaps from injuries and boys entering the service, he kept the team organized splendidly. Mr. Coppess is well liked by his team and all his students.
